

THE **SUPERIOR** CONTEMPORARY DOOR

Simplicity.

The ultimate form of sophistication.

Avantal is a range of ultra-modern doors designed to create a sleek and stylish entrance to your home.

Inspired by the smooth finish offered by industrial materials such as aluminium, the Avantal door has been engineered to offer a high-end look, whilst delivering a quality, solid construction and unrivalled levels of security.

Let our brochure be your source of inspiration, before heading over to our online Virtual Home Door Designer to create your unique Avantal design.

Proudly part of the Endurance Doors family.

Your door, your way.

Use our innovative Virtual Home Door Designer to view our range of door models, smooth finishes, glazing designs and hardware accessories on an actual photo of your own home.

Why choose Avantal?

YOUR DOOR, YOUR STYLE.

Style is a way to say who you are, without having to speak. At Endurance we believe that a home's exterior should leave a lasting impression, and each entranceway should reflect the character of who lives inside. That's why every Avantal door is completely unique, allowing you to choose from our range of sleek door models, smooth finishes, glazing designs and hardware accessories to create a truly individual design.

SOLID, QUALITY CONSTRUCTION.

Unlike a typical entrance door, the Avantal design incorporates a truly solid, 48mm engineered timber core. The reassuring sound and feeling every time you close your Avantal door lets you know your house is both safe and secure.

Choose an Avantal door to protect your home and make would-be burglars think twice.

SILKY SMOOTH FINISH.

Details make perfection, and perfection is not a detail. The smooth texture of an Avantal door and its powder coated, matte finish is what elevates the design beyond that of other door manufacturers. If you are dreaming of a sleek, contemporary look for your home's entrance, choose Avantal.

Rated

What makes an Avantal door?

1 Hard Wearing Door Skin

Beauty is more than skin deep. The heat reflective properties and robust finish of the Avantal door skin ensure it will stand the test of time.

2 High Security Multi-Point Locking System

Our range of locking systems are tested to PAS 24 Security Standards.

3 Engineered 48mm Solid Timber Core

Our 45mm thick, cross laminated solid timber core makes the Avantal design the most solid and secure on the market.

4 High Security Locking Cylinder

Every Avantal door comes with the High Security, Diamond Grade ABS Ultimate locking cylinder, one of the most highly accredited locking cylinders in the UK.

5 Reinforced Door Frame

Our door frames are strong, secure and energy efficient. They are also perfectly colour matched to the rest of the door, something other manufacturers simply cannot achieve.

6 Thermally Toughened Glazing

Our range of contemporary glazing styles have been thermally toughened, offering the best in security whilst also looking chic.

7 Quality Hardware Accessories

Having been subject to rigorous testing for both finish and function, you can count on our range of stylish hardware accessories to stand the test of time.

PEACE OF MIND

High security locking cylinder.

At Endurance, we believe everyone has the right to feel safe and secure in their own home. That's why every Avantal door is supplied with the innovative ABS Ultimate High Security Locking Cylinder, one of the most secure locking cylinders in the UK.

The ingenious locking system of the ABS Ultimate knows when it's being attacked. It has a hidden locking mechanism that automatically engages to stop would-be burglars in their tracks.

Lock snapping has become the preferred entry method for UK criminals and the ABS Ultimate Locking Cylinder has another trick up its sleeve to keep burglars at bay.

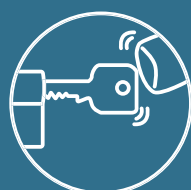

A sacrificial cut is used so that when the burglar grabs the end of the cylinder, just the tip snaps off, leaving more metal in front of the central locking mechanism as protection.

Having been tested to Sold Secure 'Diamond Grade' standards, the ABS Ultimate Locking Cylinder has achieved a level of security that far surpasses other locking cylinders on the market.

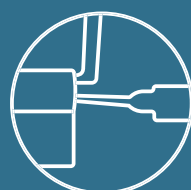

SNAP SECURE

ANTI-BUMP

ANTI-DRILL

ANTI-PICK

£2000 security guarantee.

We are so confident in the unprecedented level of security offered by the ABS Ultimate High Security Locking Cylinder used in our doors, that in the unfortunate event your home is broken into by means of snapping the cylinder, we will offer £2000 in compensation.

Terms & conditions apply. See website for full details.

You're in safe hands.

We only select the most dedicated and talented installers to join our Installer Partner Network, so you can be sure your Avantal door will be installed to the highest possible standard. All of our Installer Partners have full access to not only the most stylish and secure doors in the UK, but to our knowledge and expertise, too.

With one of our Installer Partners, you can be sure of the best advice on choosing the right door for your home and the highest quality installation.

Find your Local Installer Partner

Scan the QR code to discover your Local Installer Partner and request a quote for your dream Avantal door.

AVANTAL INSTALLER PARTNER

To ensure that our Installer Partners reach our high standards, they must meet the following criteria:

- Have a track record of installing Avantal doors to our agreed fitting standard
- Have a clearly defined customer care policy that places the needs of the homeowner first
- Have clearly defined policies for monitoring service levels and handling complaints
- Have an excellent knowledge of our products and take part in specialist training.

Finishes to suit your style.

Avantal doors are available in a range of ultra-modern monochrome and realistic woodgrain finishes, allowing you to achieve a contemporary, high-end finish for your home's entrance.

Select from our range of ultra-smooth monochrome finishes to create a sleek, colour matched design across the door leaf, frame and glazing cassettes or opt for one of our woodgrains finishes with contrasting features to really make a style statement.

All Avantal doors are manufactured with a Crystal White internal side, allowing you to create a light and airy entranceway for your home.

Avantal skin swatches are available on request.

Antares

Beauty in simplicity.

With a combination of the ultra-smooth Anthracite Grey skin and a bold 1200mm pull bar handle, this design offers an eye-catching, yet understated contemporary aesthetic.

Creating contrast.

Choose Black Ulti-Matt or Anthracite Grey along with our range of stainless steel hardware accessories to add a sense of drama to your Antares design.

Let the light in.

The most popular design within the Avantal collection, the Antares features a well proportioned glazed area that allows light to fill your entranceway.

Your door, your style.

Rigel

Signal Grey

Grand designs.

A smooth Signal Grey skin, with matching glazing cassettes, provide this design with an aluminium look, perfect for the most contemporary entranceway.

A fresh take on style.

Choose Signal Grey or Anthracite along with our range of stainless steel hardware accessories to add a sense of drama to your Rigel design.

Urban appeal.

Whether you choose matching or contrasting cassette colours, this cool, modern style adds simplistic urban charm to even the most modern home.

Privacy. Security. Style.

If you're looking to create a private entranceway but still let in some natural light, the Rigel offers the best of both worlds. Choose Satin glass to fully obscure the inside of your home from the outside world.

Hardware.

Even though they are the last things to be fitted to an Avantal door, glazing and hardware accessories are certainly the elements that draw the most attention.

Whether you're looking for an airy entrance way, filled with natural light or a more private option, with simple style, our range of glazing designs can deliver on your vision.

When adding the finishing touches to your Avantal door, our range of high quality hardware options, from ultra-modern square stainless steel pull bars to our simple lever handles, combine the very best in both form and function.

Standard Hardware Range.

Designed to offer a sleek, modern look, the standard range of Avantal hardware features rounded details and smooth curves.

Having been subject to rigorous testing for both finish and function, the standard range of Avantal hardware comes complete with a comprehensive 10-year warranty.

THE UK'S MOST

Solid & secure door.

GUARDIAN 5

Engage the Guardian5 by effortlessly raising the door handle, activating two twin bolts strategically positioned in both the upper and lower sections. Complemented by a key operated deadbolt, this innovative design sets a new standard for security, making the Guardian5 one of the most formidable locking options on the market.

AV2 HERITAGE AUTOMATIC LOCK

Discover enhanced security with the AV2 Heritage locking system. With the locking cylinder positioned in a traditional loftier location, this mechanism automatically engages upon firmly closing the door, with firing pins securing two sturdy tensile steel hooks. Activating the deadbolt is effortless – just turn the key. Internally, exiting is made simple with a user-friendly thumb turn cylinder or key, striking a perfect balance between ease of use and robust security. Designed for doors featuring fixed external handles or finger pull escutcheons, the AV2 Heritage guarantees exclusive entry from the outside using a key once closed.

AV4 / AV4 HERITAGE AUTOMATIC LOCK

Embedded within its frame, the AV4 features a magnetic trigger that smoothly activates two sturdy tensile steel hooks the moment the door is firmly closed. For added flexibility, a daytime release function can be used to allow temporary suspension of the automatic locking feature. Perfectly suited for doors equipped with fixed external handles or finger pull escutcheons, the AV4 ensures seamless entry from the outside using a key once closed.

NEW

QUADHOOK+

Introducing the QuadHook+, featuring a cutting-edge 5-point locking mechanism. This system boasts four opposing tensile steel hooks and a key operated deadbolt, seamlessly running the full height of the door. Activate this robust security arrangement with ease by simply lifting the handle, ensuring unparalleled protection for any home.

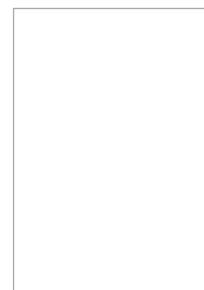

Glazing styles.

Whether you're looking to create a light and airy hallway or a private entrance, our selection of glazing designs makes it easy to achieve your desired look and feel.

All our glass designs have been thermally toughened, resulting in a glazing range which is strong, secure and stylish.

Clear

Fill your hallway with light and bring the views from the outdoors into your home by choosing Clear glazing.

Opacity

Satin

Fill your home with natural light whilst still maintaining your privacy by choosing Satin.
